## OUR PROGRESS

MPLT is responsible for the investing the public land revenue distributed by DPL on an annual basis. Part of this process is to ensure that the correct amount is received in accordance with the Constitution. This is an on-going process requiring review and analysis of their financial reports and audited financial statements. The total amount of distributions received to date from DPL is \$48,491,986.

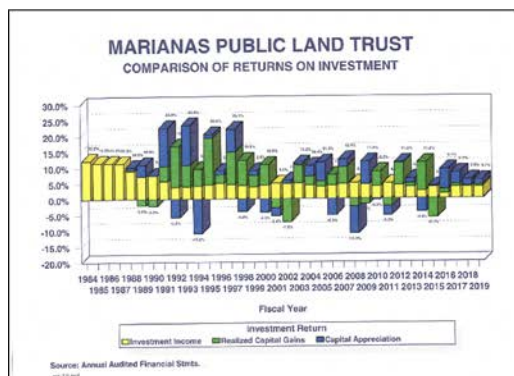

MPLT's primary mission is to invest these funds and grow the principal while distributing the net investment income to the CNMI General Fund and to the American Memorial Park.

### HIGHLIGHTS

### LOOKING AHEAD

MPLT will continue to follow its mandate to invest and management the principal of the Trust. Part of its duties is to monitor the investment managers to ensure that the asset allocation is performing in accordance with the related benchmarks. The asset allocation is the primary driver of annual returns. This demonstrated by the following “decision’s hierarchy” graph.

In addition to making distributions to the Trust beneficiaries, the Trust also supports the CNMI government by making loans in order to provide various funding needs. In 2007 took back an \$8.5 million loan to Northern Marianas Housing Corporation, which provided housing loans. The current value of this loan is \$2.7 million. In 2018 a term loan was made to the Commonwealth Health Center in the amount of \$2,850,000 in order to provide working capital. This loan is being paid off over eight years on a monthly basis. In FY 2019, due to the devastation caused by Typhoon Yutu, the Trust made a loan in the amount of \$15M in order pay typhoon related vendors. It is in this manner that MPLT provides financial support in addition to annual distributions to its beneficiaries.
